Interdisciplinary Mapping Exercise

Step 1. Start with a blank sheet of paper. Write the topic in the middle of the page.

Topic/thesis statement/issue
Step 2. Brainstorm questions, issues, anything that comes to mind regarding the topic. Do not censor yourself!!
Step 3. Looking at the statements and questions generated by the topic, write down the kinds of experts who would be asking the same questions.
Step 3. Ask, what discipline or subject would these experts study?
